مقدمة:

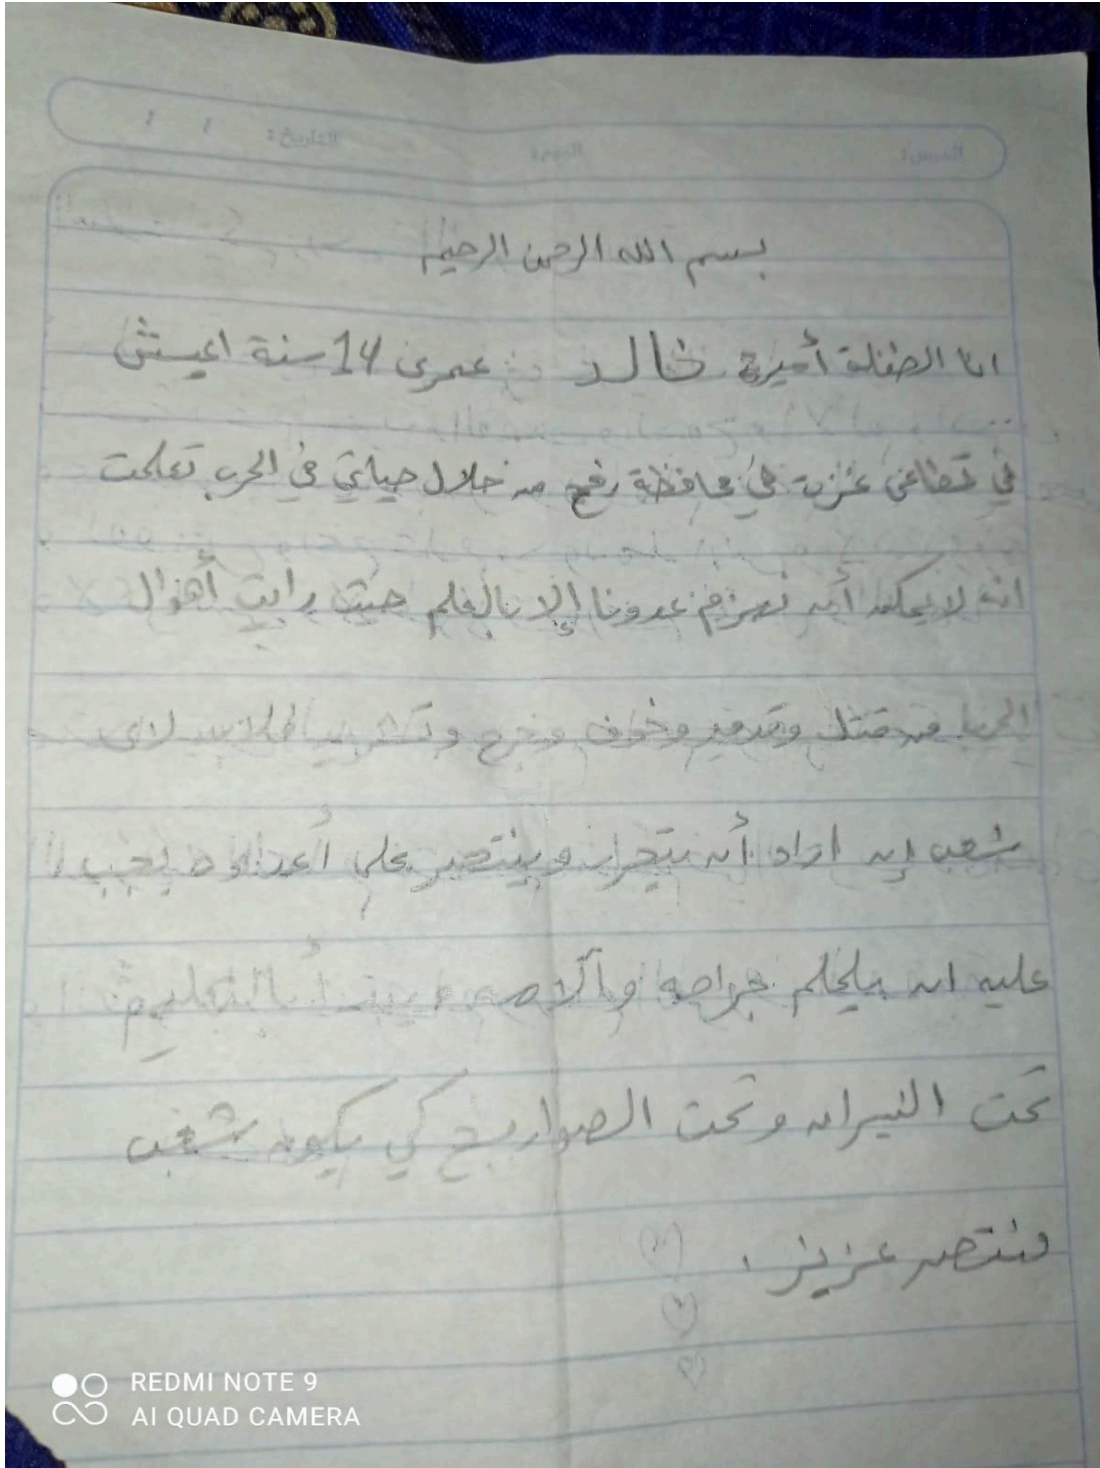

لأشهر، استمعت إلى قصص الأطفال في خيمة المدرسة، ومعاناتهم وأفراحهم ومخاوفهم. كان من الصعب عليهم التحدث معي؛ بسبب الصعوبات التقنية مثل انعدام الإنترنت وانقطاع الاتصالات من قبل الاحتلال، بالإضافة إلى شعور الأطفال بأنهم غير مرئيين وغير مفهومين. من الأقدار على فهم معاناة الأطفال تحت وطأة الظلم والحرب الإبادة إلا أطفال يعيشون الظروف نفسها؟ كتب أطفال خيمة مدرسة إسناد في رفح الشرقية رسائل لأطفال السودان؛ كان المطلوب منهم كتابة أي شيء يريدون. واجهنا صعوبات في توفير المستلزمات الأساسية، حيث كانت الأوراق والأقلام من الممنوعات التي لم تسمح إسرائيل بدخولها إلى غزة، كما أن منطقتهم كانت تحت الحصار. كما تلاحظون، معظم الأوراق ممزقة، وتظهر تغييرات عديدة في ألوان الأقلام مع نفاذ الحبر. بعض الرسومات رُسمت على وجهي الورقة، ويمكنكم رؤية آثار الحبر المنفذ من الجانب الآخر. هؤلاء الأطفال بذلوا جهودًا استثنائية للتعبير عن أنفسهم للعالم. علينا أن نُكرم ذلك. علينا أن نتذكر أسماء هؤلاء الأطفال وقصصهم. لم يصدق أطفال غزة عندما تلقوا رسائل من السودان؛ لم يصدقوا أن قصصهم وصلت إلى هذا البعد. أتمنى أن تعتزوا بهذا الكتاب، فهو يحمل حياة بكل ما تحمله الكلمة من معنى، ومشاعر تفوق أي فهم، ومقاومة تفوق ما يمكننا تقديمه بأنفسنا. عاشت فلسطين، عاشت السودان، حرة عادلة حتى التحرير،

Preface:

For months, I listened to the children's stories in the school tent, their trials, joys, and fears. It was difficult for them to speak to me; through the technical difficulties of not having internet or connections being cut by the occupation, there was also the difficulty of the children feeling unseen and unrelated. Who better to relate to children suffering under injustice and genocidal war than children experiencing the same conditions? The children of the Isnad school tent in Eastern Rafah wrote letters to the children of Sudan; the prompt was to write anything they wanted. There was difficulty in getting them the supplies necessary, and paper and pens were some of the banned items Israel was not allowing into Gaza, as well as their area being besieged. As you can observe, most of the papers are torn up, and there are many pen colour changes as pens run out of ink. Some drawings were drawn on both sides of the paper, and you can see the bleeding from the other side. As said, these kids went to great lengths to express themselves to the world. We must honour that. We must remember the names and stories of these children. The children in Gaza couldn't believe it when they received the letters from Sudan; they couldn't believe that their stories made it that far. I hope you cherish this book, as it has so much life, more emotions than can ever be understood, and more resistance than we can ever do ourselves. Long live Palestine, long live Sudan, free and just.

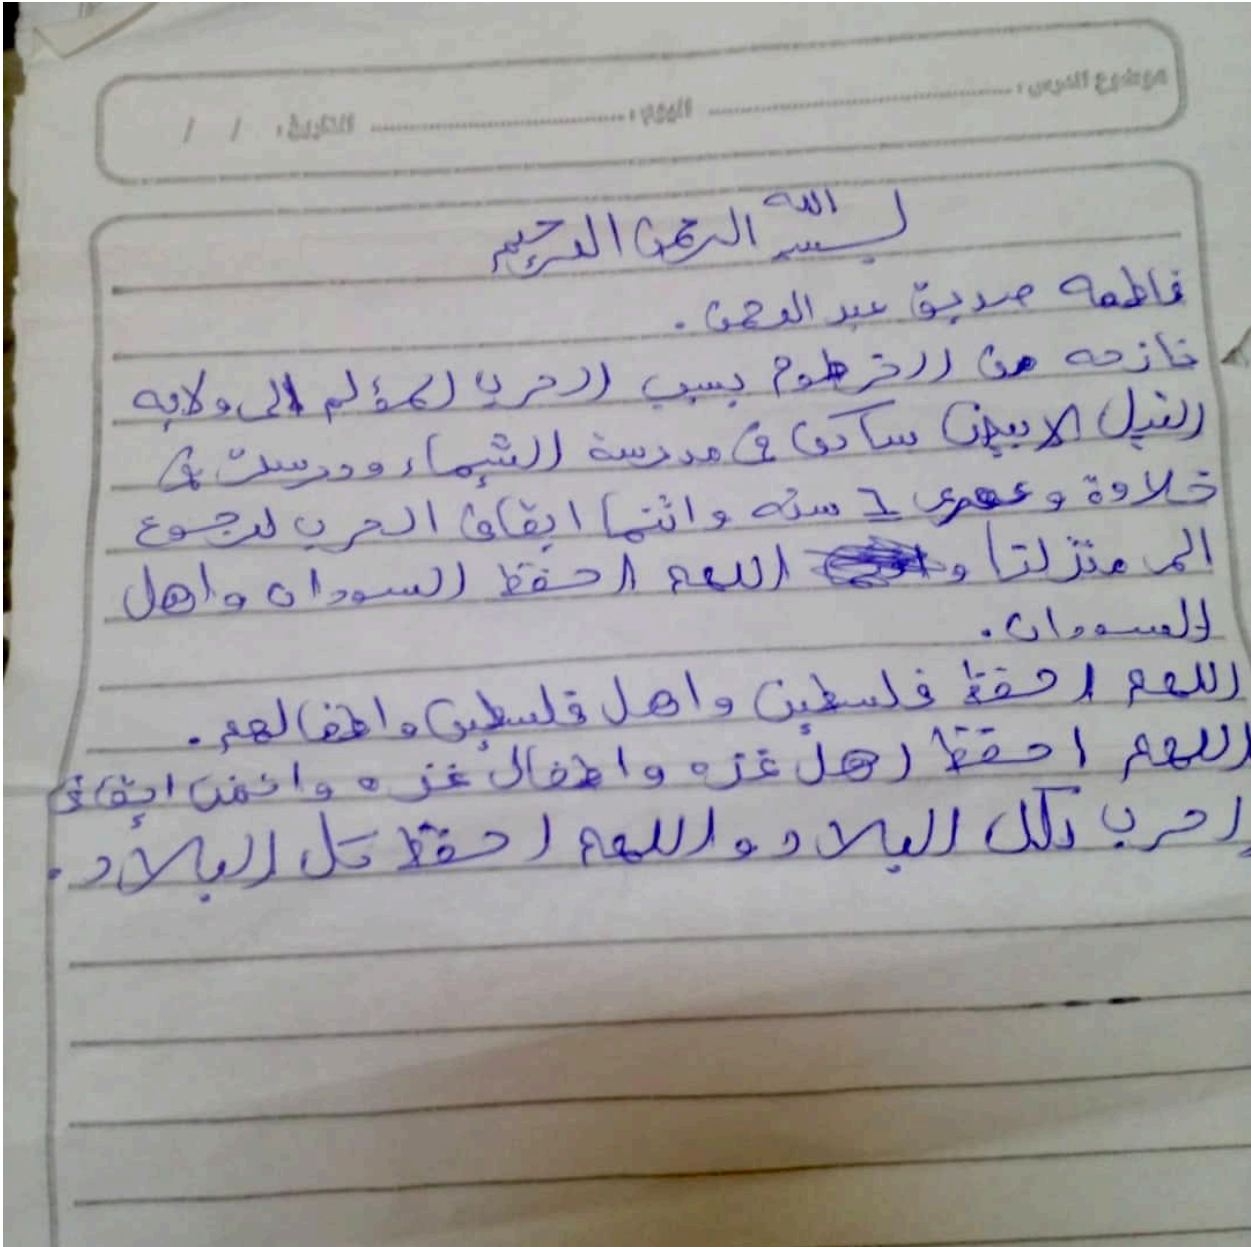

'Till liberation,

Fatima Khalladi.

I am the child Amira Khaled, 14 years old; I live in Gaza Strip, Rafah Governorate. Through my life during the war, I learned that we cannot defeat our enemy except by knowledge.

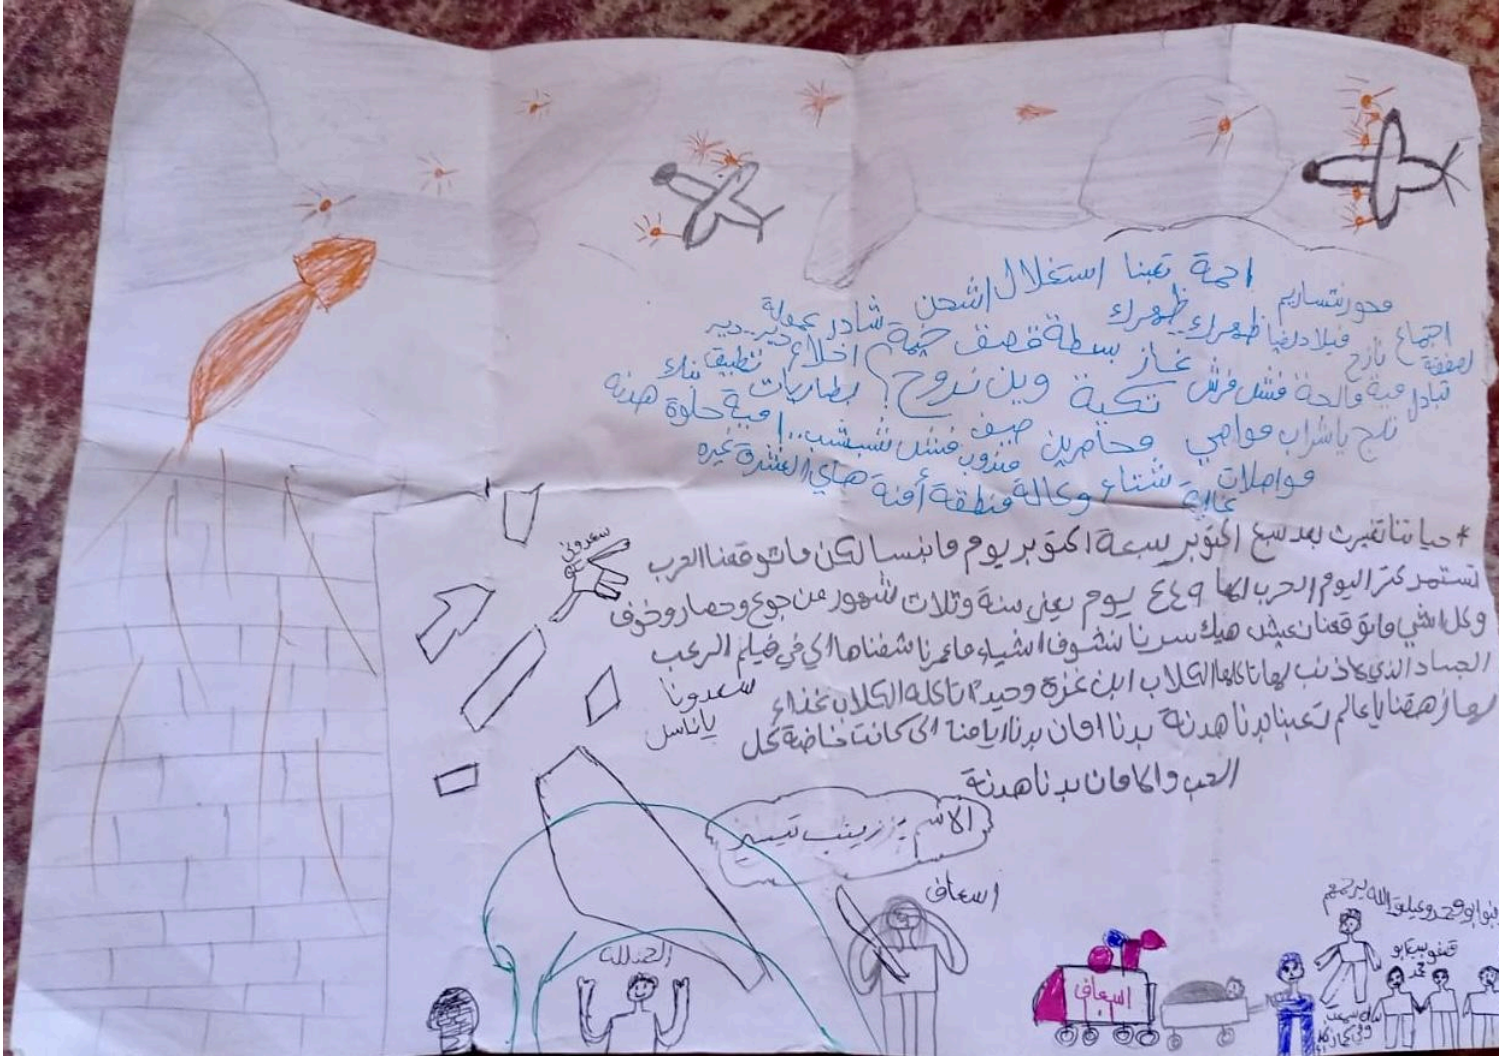

I have seen the horrors of war, from killing and destruction to fear, hunger, and displacement. It is necessary for any people who want to be liberated and triumph over their enemies to gather their wounds and pains and start learning under fire and rockets to become a victorious and honorable nation.

Fatima Sadeq Abdel Rahman, displaced from Khartoum because of the painful war to White Nile State, living in Al-Shaimaa School, where I attended some religious schooling. I am 6 years old and wish for the war to stop so we can return home.

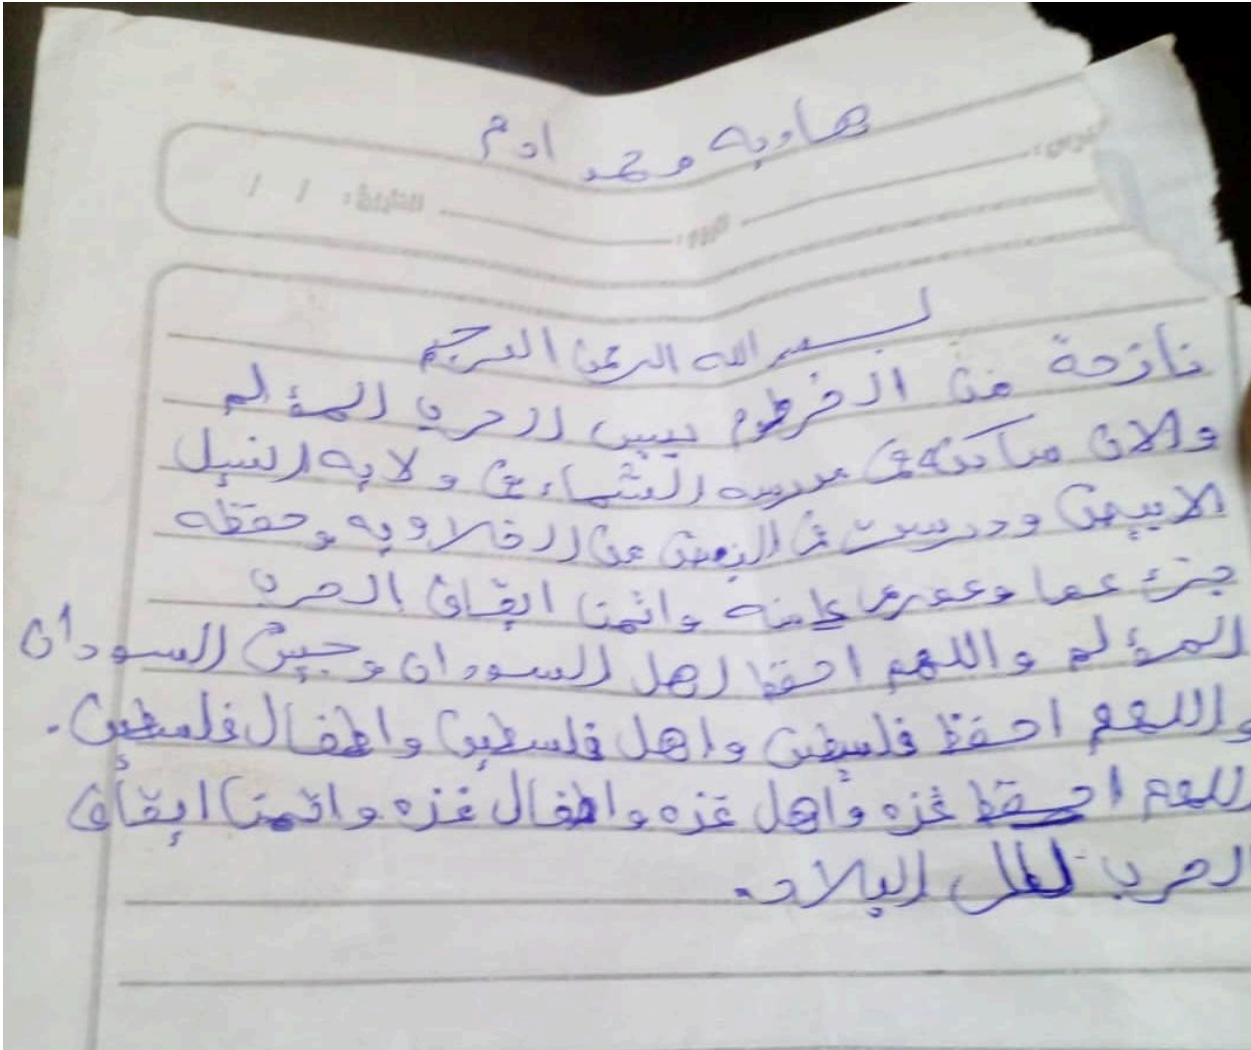

Oh Allah, protect Sudan and its people. Oh Allah, protect Palestine, its people, and its children. Oh Allah, protect Gaza, its people, and Gaza's children. I wish for the war to end in every country, and for Allah to protect all countries.

Name: Zeinab Taysir

Our lives changed after October 7, a day I'll never forget. But we never expected the war to last so long; today, it's been 449 days of war—over a year and three months of hunger, siege, fear, and everything. We never thought we'd live like this; we've seen things we only saw in horror films: bodies eaten by dogs, sons of Gaza and our neighborhoods being eaten by dogs for food. Help us, people, we are tired and fed up. We want a truce, we want safety, we want our old days full of love and security. We want a ceasefire.

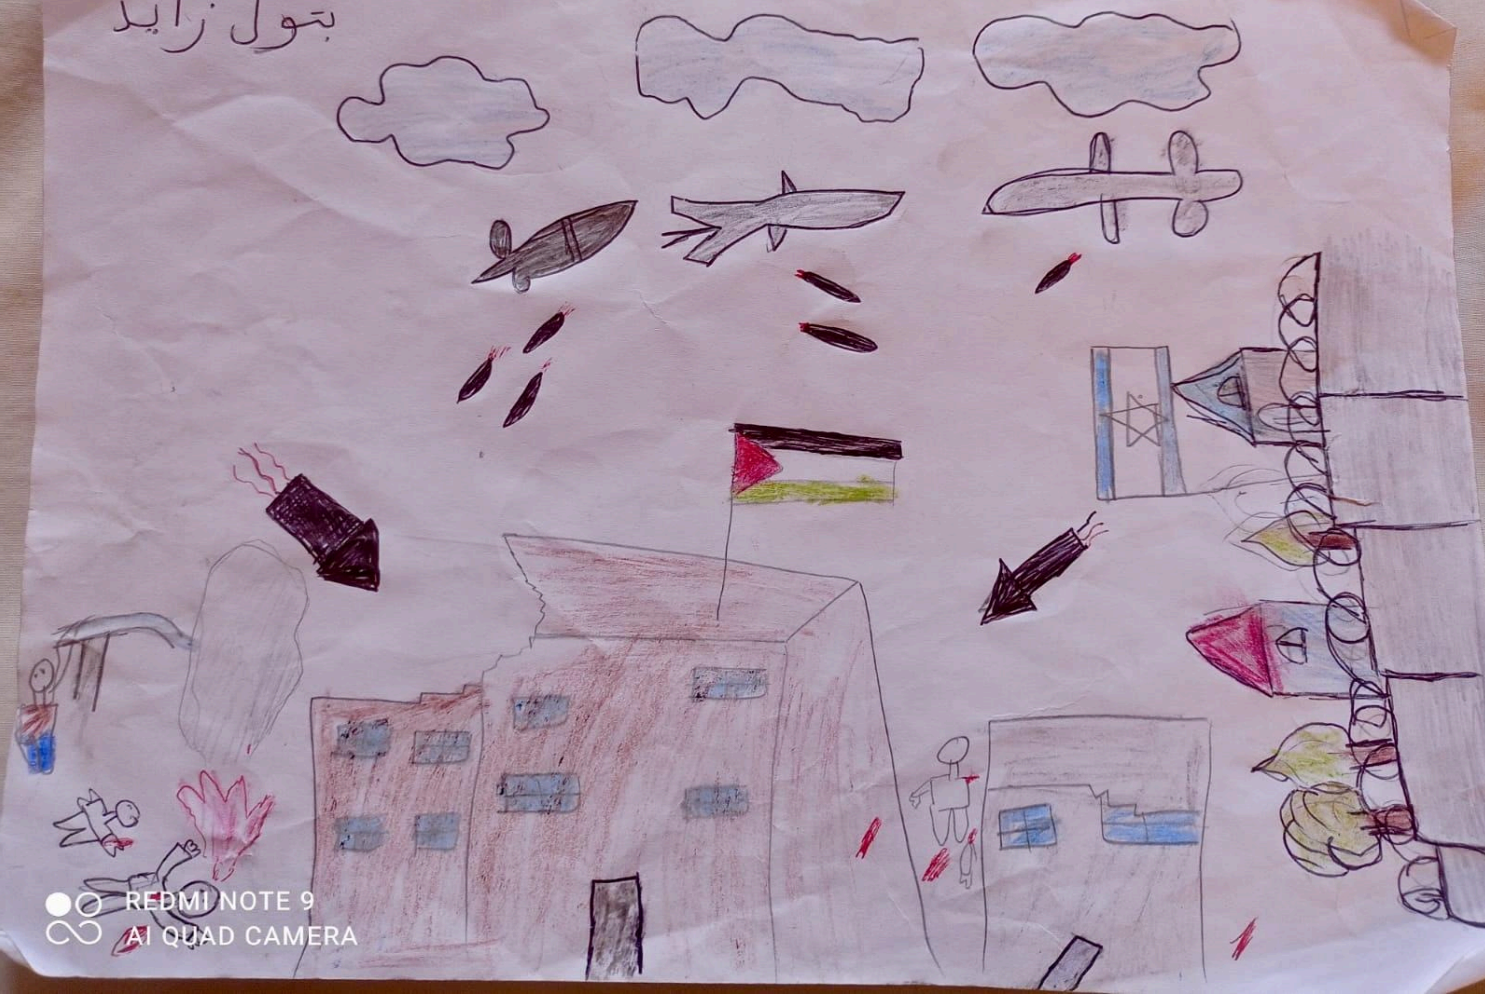

Hadia Mohammed Adam

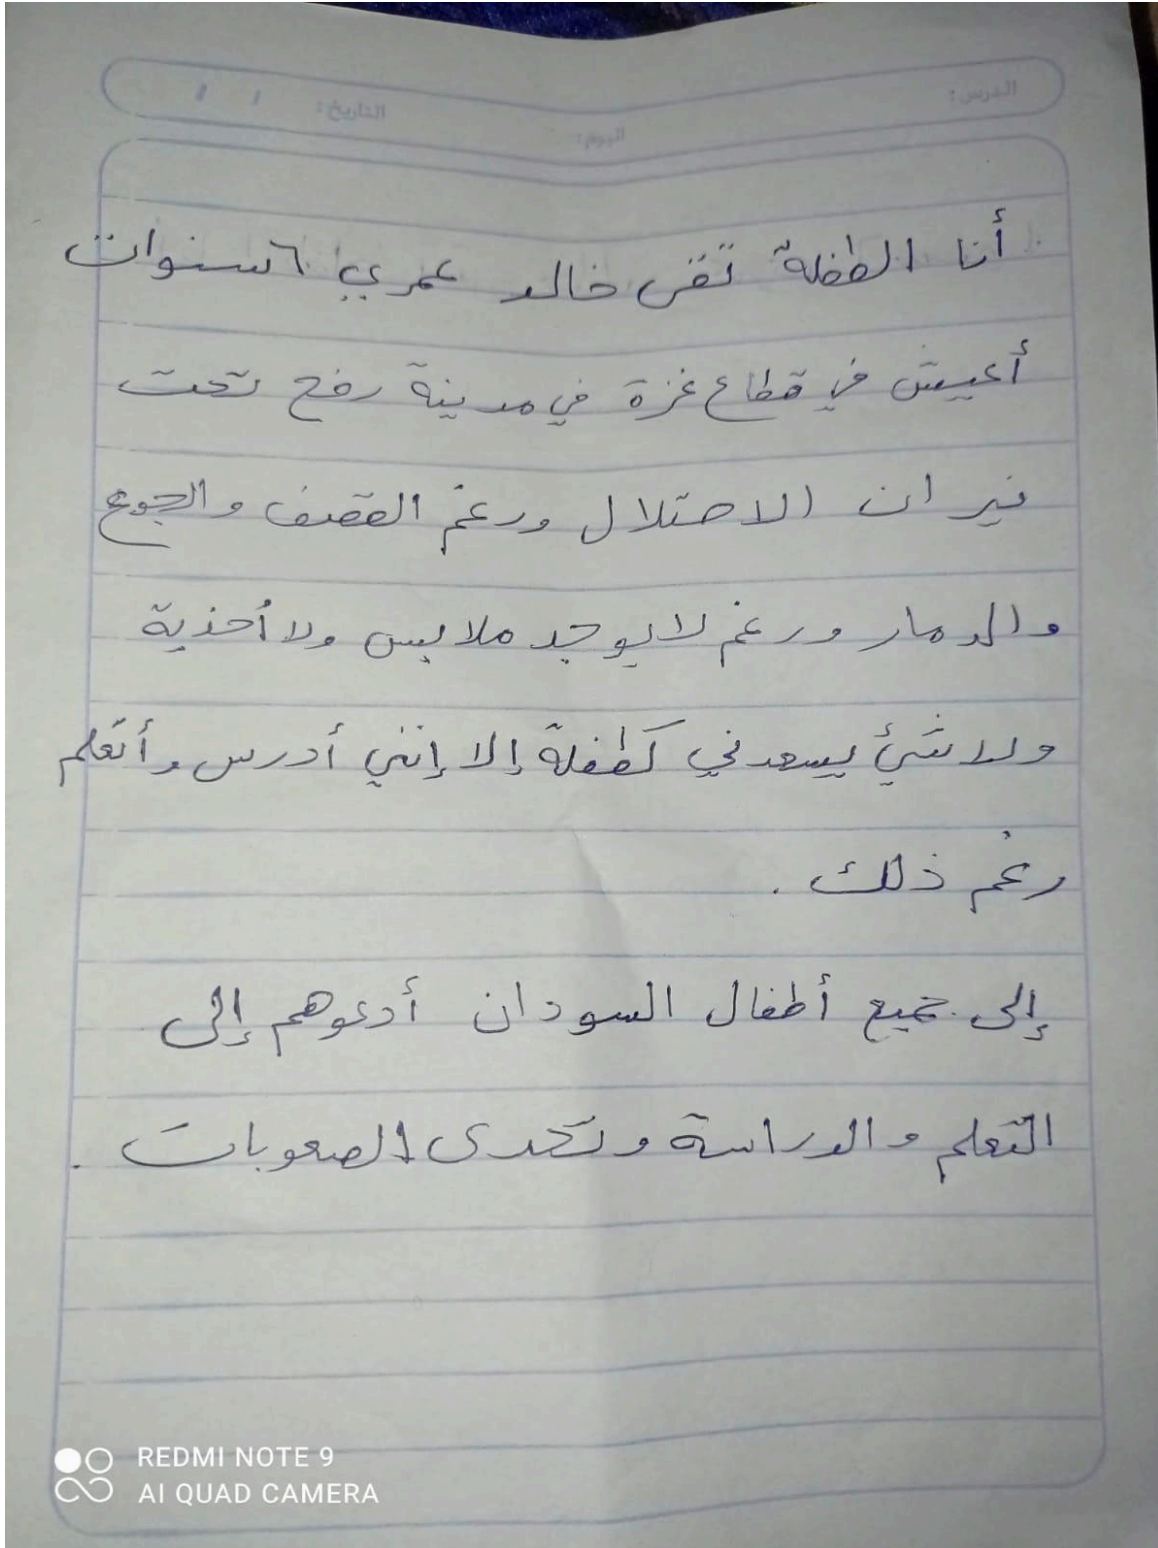

Displaced from Khartoum due to the painful war, now living in Al-Shaimaa School in White Nile State, having studied in some religious schools and memorized part of the Qur'an. I am 12 years old and wish for the painful war to end.

Oh Allah, protect the people and army of Sudan. Oh Allah, protect Palestine, its people, and its children. Oh Allah, protect Gaza, its people, and Gaza's children. I wish for the war to end in all countries.

I am the child Tuqa Khaled; I am 6 years old. I live in the Gaza Strip, Rafah city, under the occupation's fire. Despite the shelling, hunger, and destruction, despite the lack of clothes, shoes, or anything to make me happy as a child, I still study and learn.

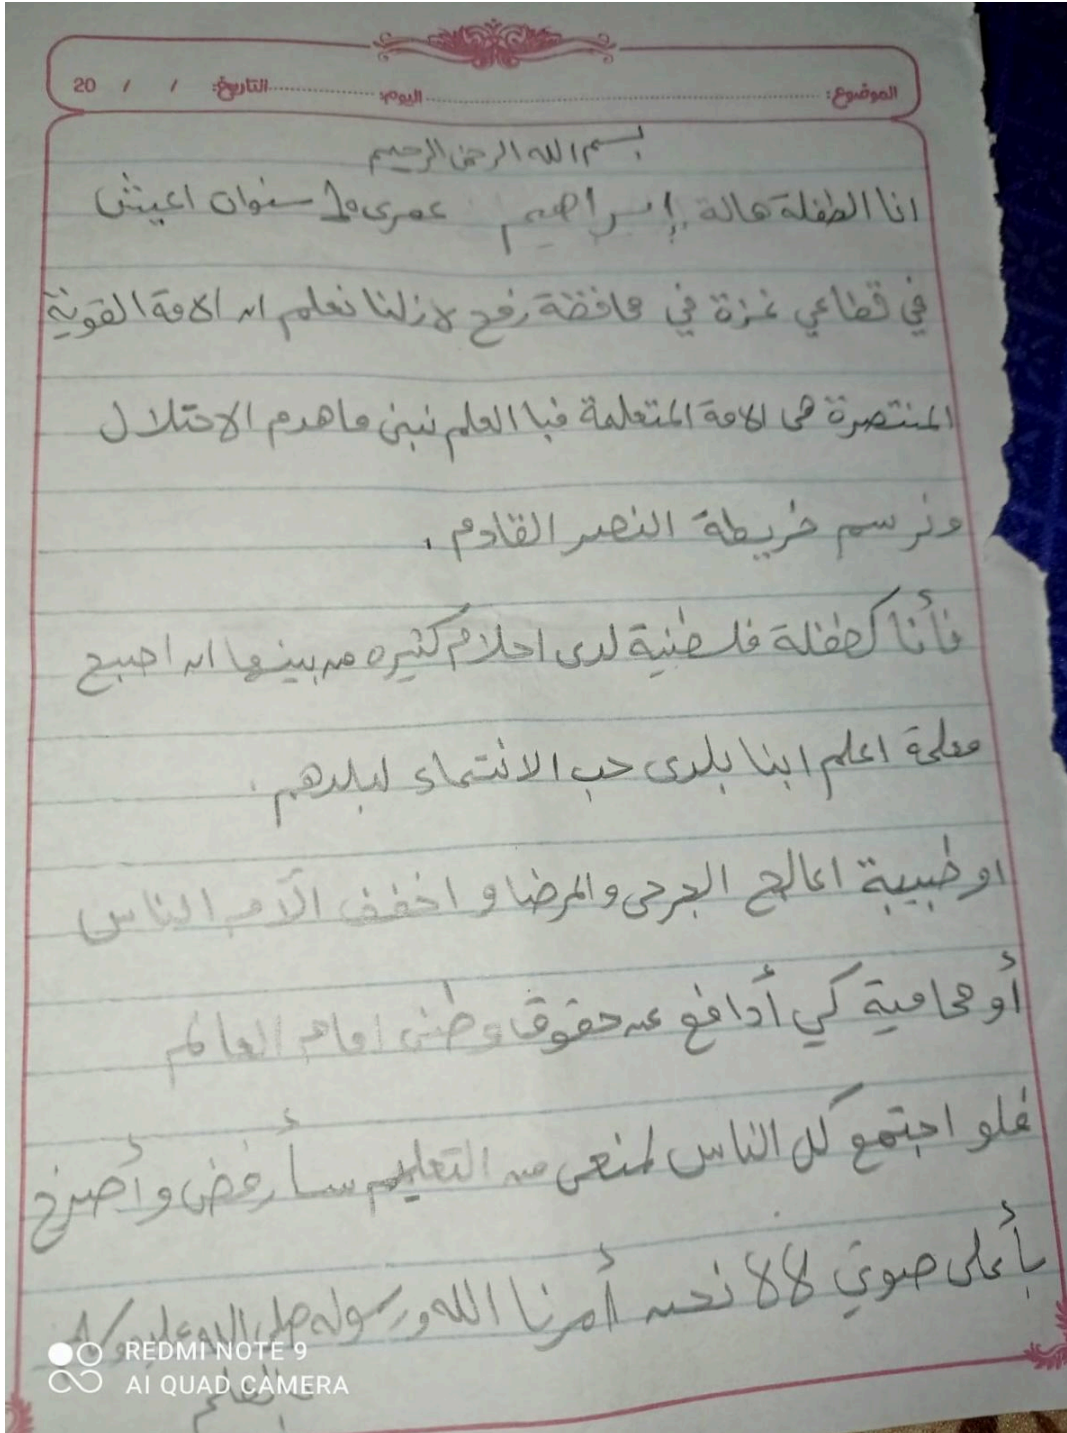

To all the children of Sudan, I encourage you to learn, study, and overcome difficulties.

Peace be upon you. I am Samia Younis Awad Al-Bari Ismail from Sudan, 9 years old, from Khartoum. Now, because of the malicious war, I came to White Nile State, Debek. I live in Al-Liwa Center. I lost much of my life, my education, my home, my water, and my food. I hope Allah Almighty grants us victory and return us safely to our country.

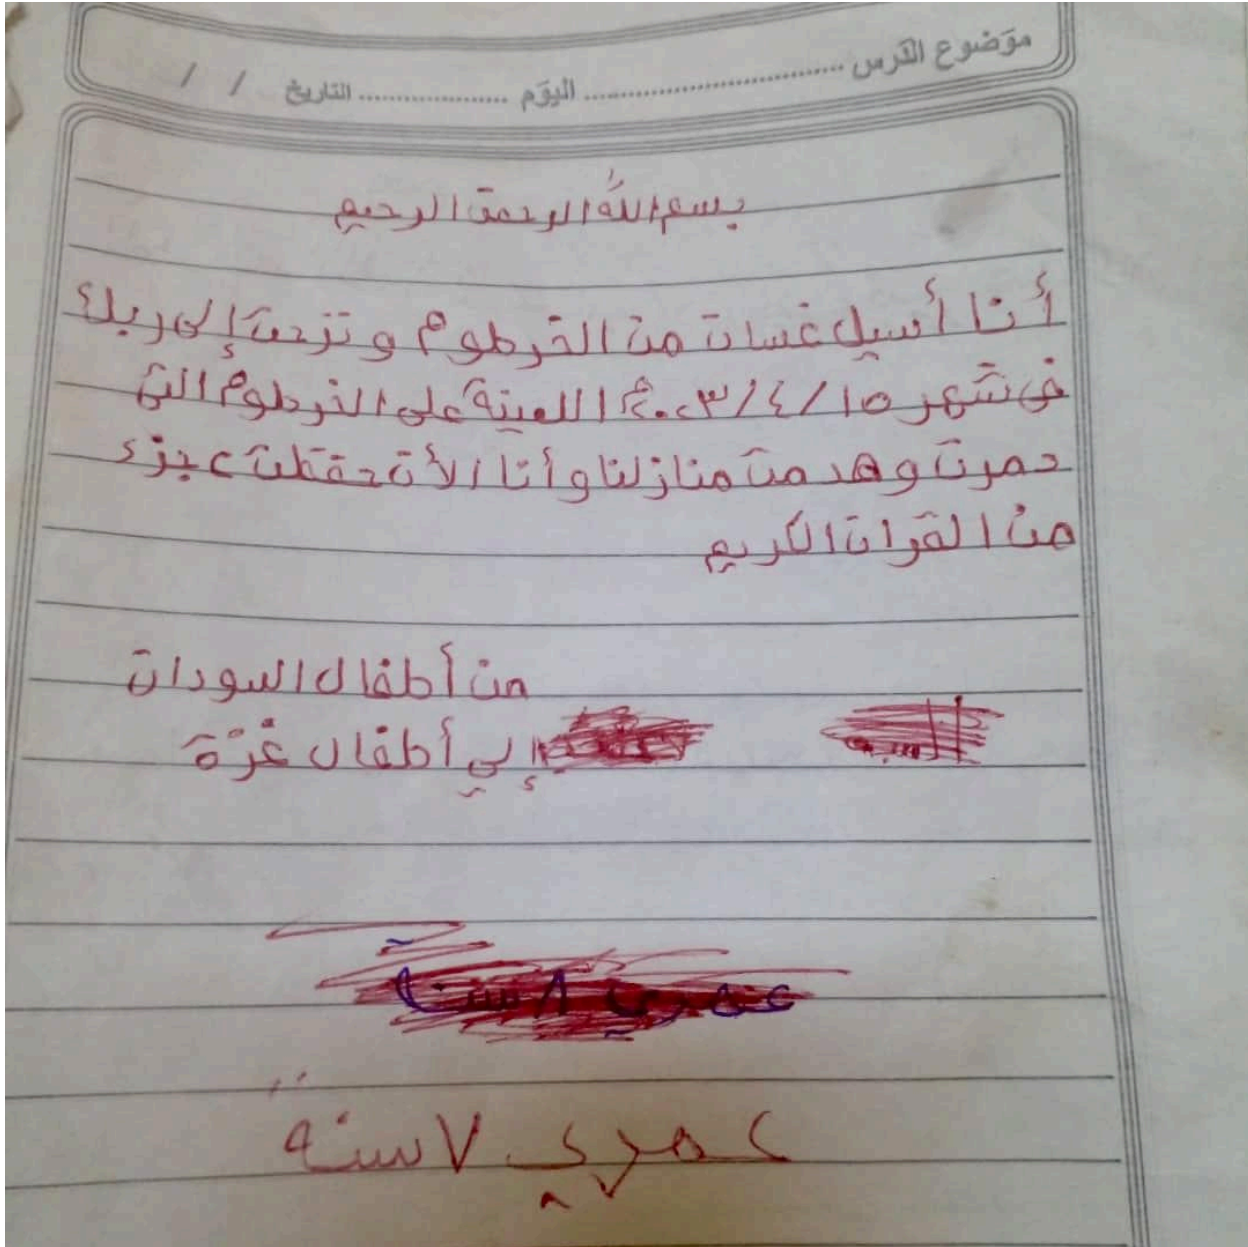

The war on Gaza

I am the child Hala Ibrahim, 10 years old. I live in the Gaza Strip, Rafah Governorate. We still know that the victorious and strong nation is an educated nation. With knowledge, we build what the occupation destroyed and draw the map of upcoming victory.

As a Palestinian child, I have many dreams, including becoming a teacher to teach my country's children to love their homeland, a doctor to treat the wounded and sick and relieve people's pain, or a lawyer to defend my country's rights to the world. Even if everyone tried to stop me from studying, I would refuse and shout at the top of my voice "No, no."

We are commanded by Allah and His Messenger (peace be upon him) to seek knowledge.

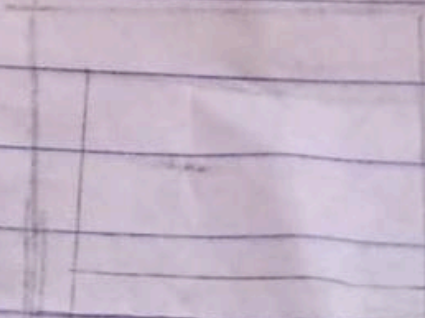

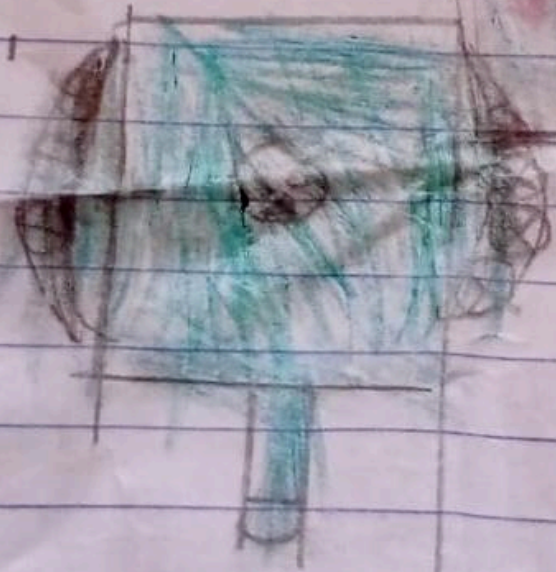

I am Aseel Ghassan from Khartoum, 7 years old. I was displaced to Debek on April 15, 2023, after Khartoum was destroyed and our homes demolished. Now, I have memorized part of the Holy Qur'an. From the children of Sudan to the children of Gaza.

From Gaza To Sudan

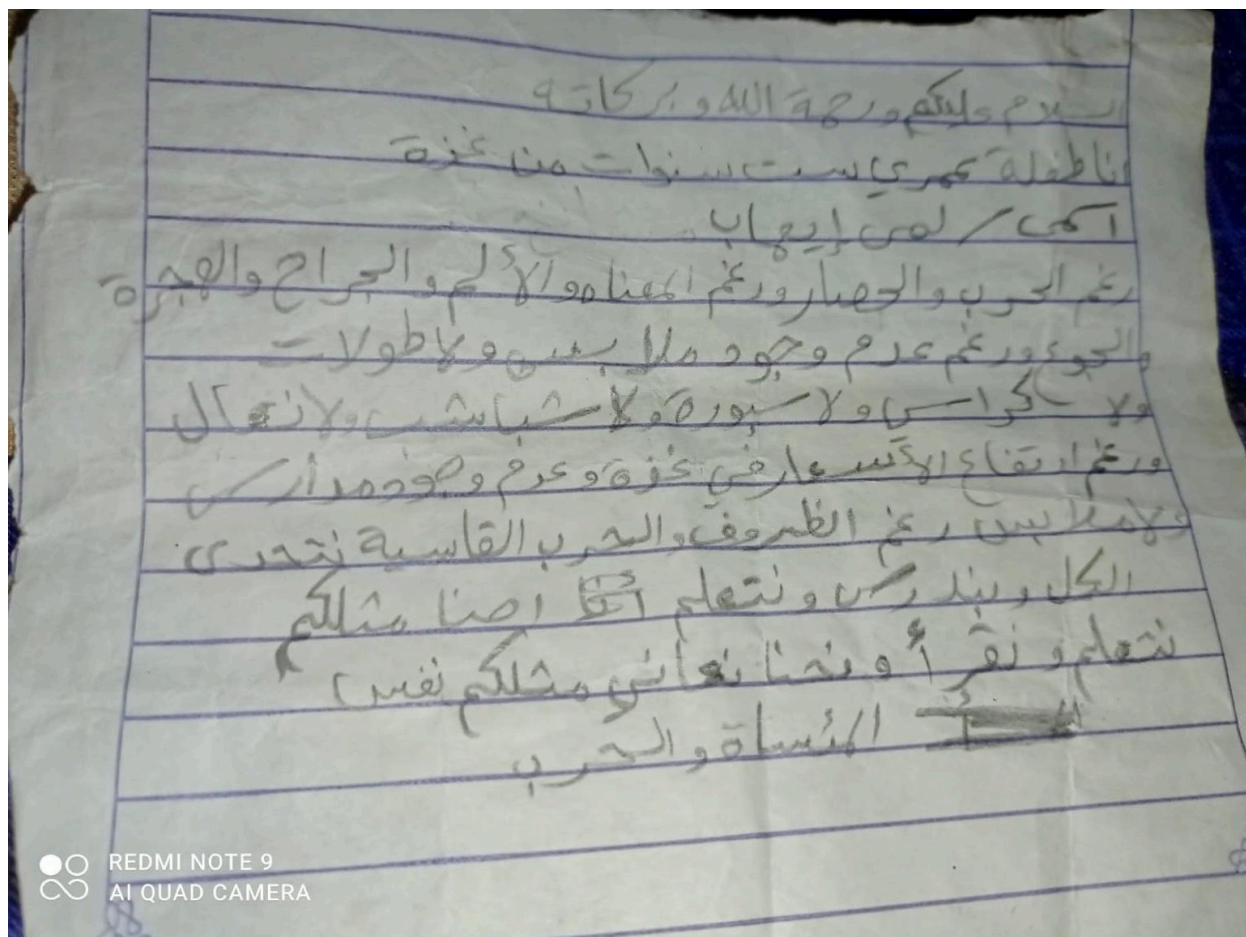

I am a girl from the middle of besieged Rafah. We thank the donors who have helped open this school so that we can learn and learn the Holy Quran; despite the siege, famine, and displacement, there are no mosques or places to read and understand the Quran anymore. Despite all our hardships, we will continue to learn, no matter what happens to us. And to you, the people of Sudan, we feel your suffering as it is the same as ours. May we all have patience.

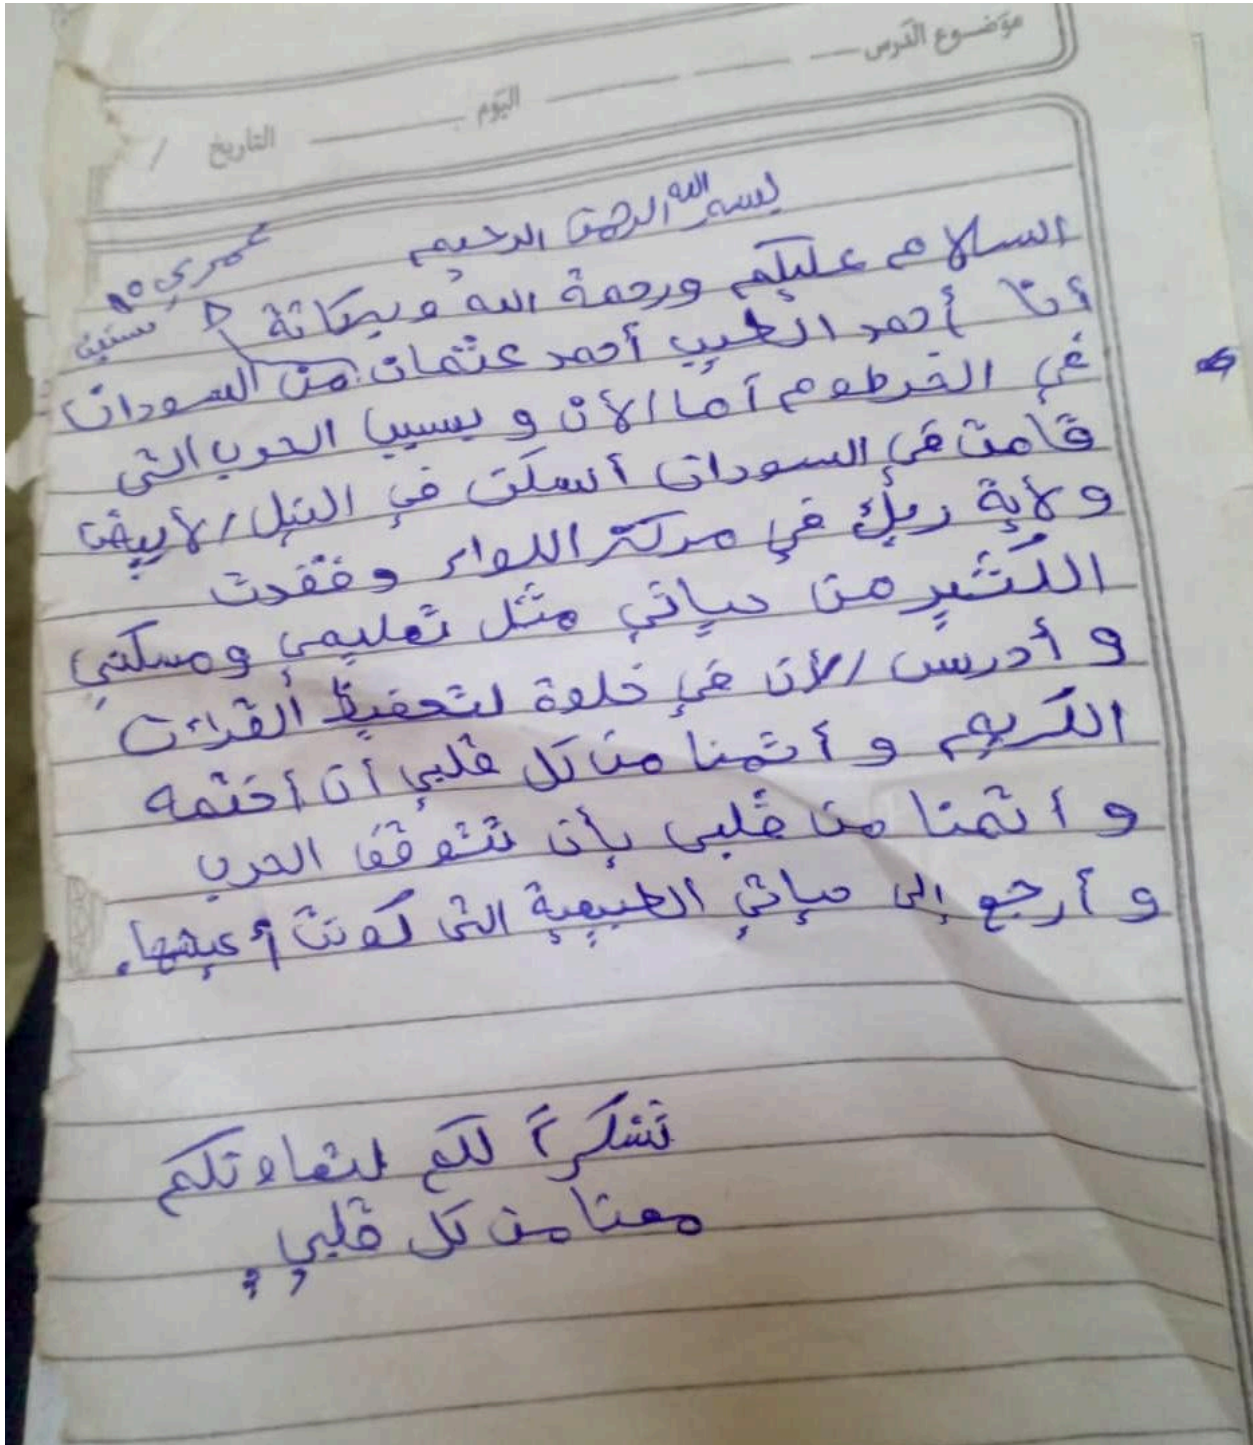

Hello. I am Zainab El Sadik. Thank God for the blessing of learning at the Shaimaa school. I have memorized 6 Juz of the Quran so far. God bless the people of Sudan and the people of Palestine and Gaza.

Despite the bombing and the harsh winter, children are playing and having fun. It is our right to play and be safe

I am a 6-year-old girl from Gaza named Lama Ihab. Despite the war, being besieged, displacement, hunger, pain, and scares, and not having clothing, school supplies, shoes, or sandals, the increased prices, and the difficult conditions of war, we defy it all and learn, just like you, and suffer like you in the catastrophe of war.

Hello. I am Ahmed El Tayeb Ahmed Uthman. I am 10 years old. I am from Khartoum, but because of the war, I now live in the white Nile region in Rabak Province. I have lost a lot in my life, like my education and my home, and I am now learning the Quran with a reading group in a mosque. With all my heart, I hope to complete the Quran and that the war will end so that I can return to my everyday life.

I am the student Nour El Huda Araafat Mashayikh. I am 15 years old. I am in the 9th grade. We have been deprived of education for the second year now; the schools, mosques and hospitals have all been destroyed. Every day, we wake and sleep to the sound of bombs and artillery shelling. I have decided to memorize the Quran through the Isnad education organization. I ask God to help me with this task so that it can be my witness on the day of judgment.

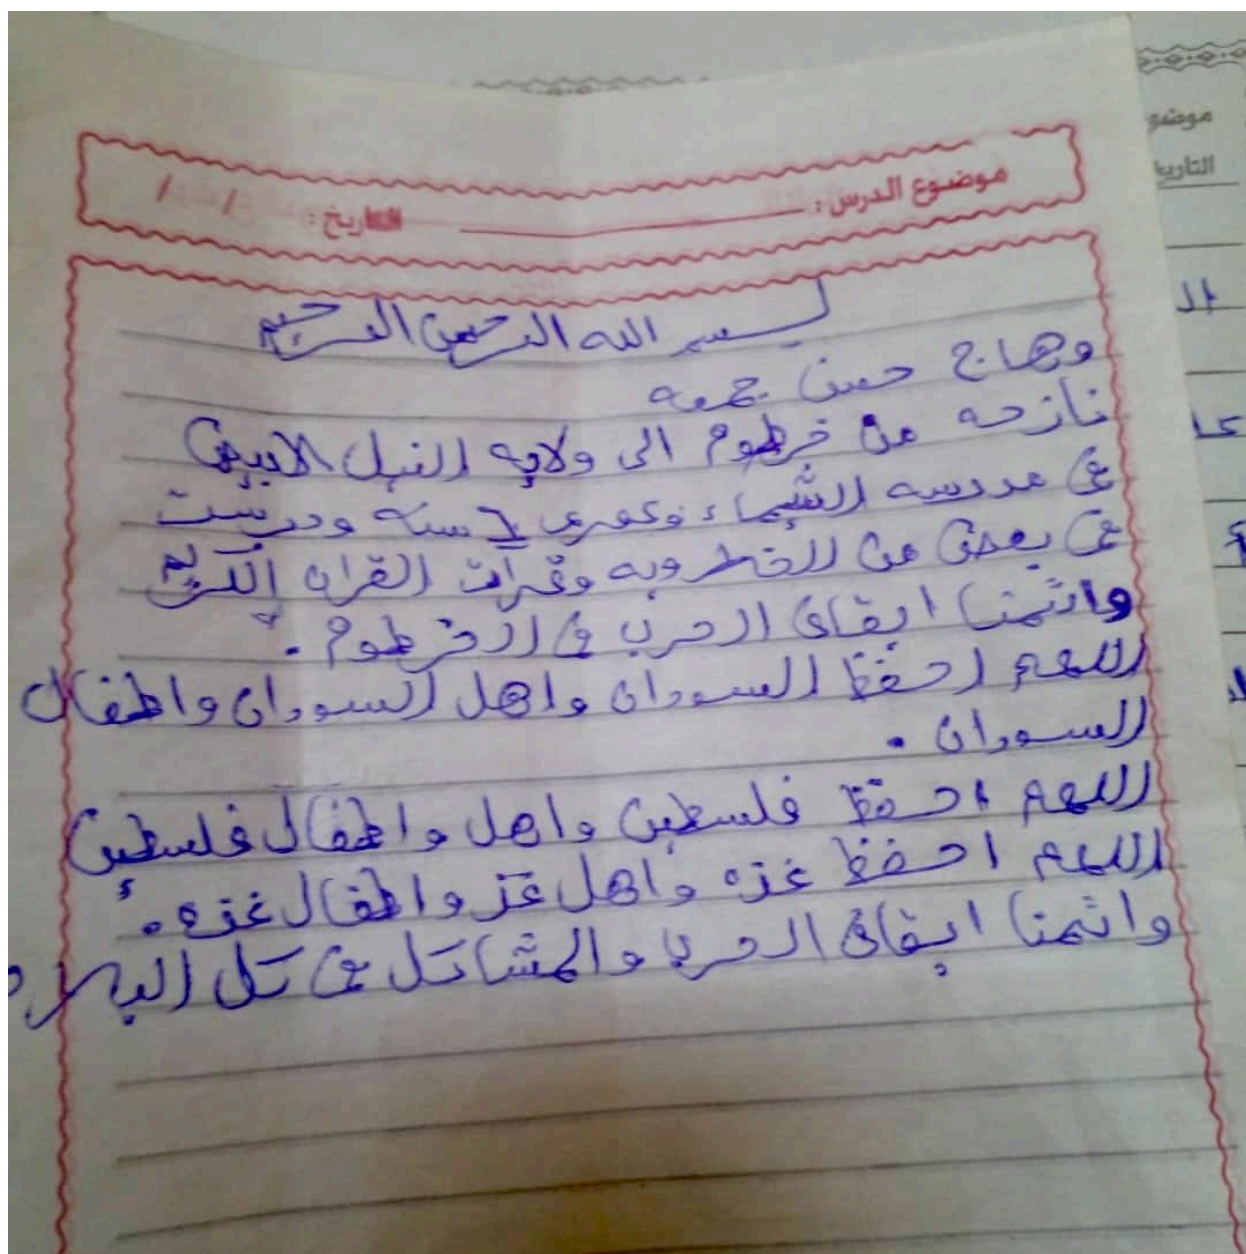

Hello, I am Umar Deif Allah Issa from Khartoum. I am now displaced into the white Nile refugee camp due to the damned war in Khartoum; this war has stopped us from continuing our education. Despite the horrors of war, We are continuing in the shelter centers, learning the holy Quran, and I have memorized 3 Juz of the Quran. Praise God; God created the Quran as a guide and witness.

My name is Mariam Arafat; in God's most merciful name, I live in the Rafah district in Gaza. I am 7 years old; despite all the pain and suffering and the horrible conditions of this war that we live in every day that has deprived us of so many things, including education, we are patient, and despite all this, we, the children of Gaza, love life. And we are attached to learning the holy Quran so that it can be our witness when we die, and our light on the day of judgment. Here we are, patient and steadfast, and we hope God rewards us and those who teach us for all we are enduring.

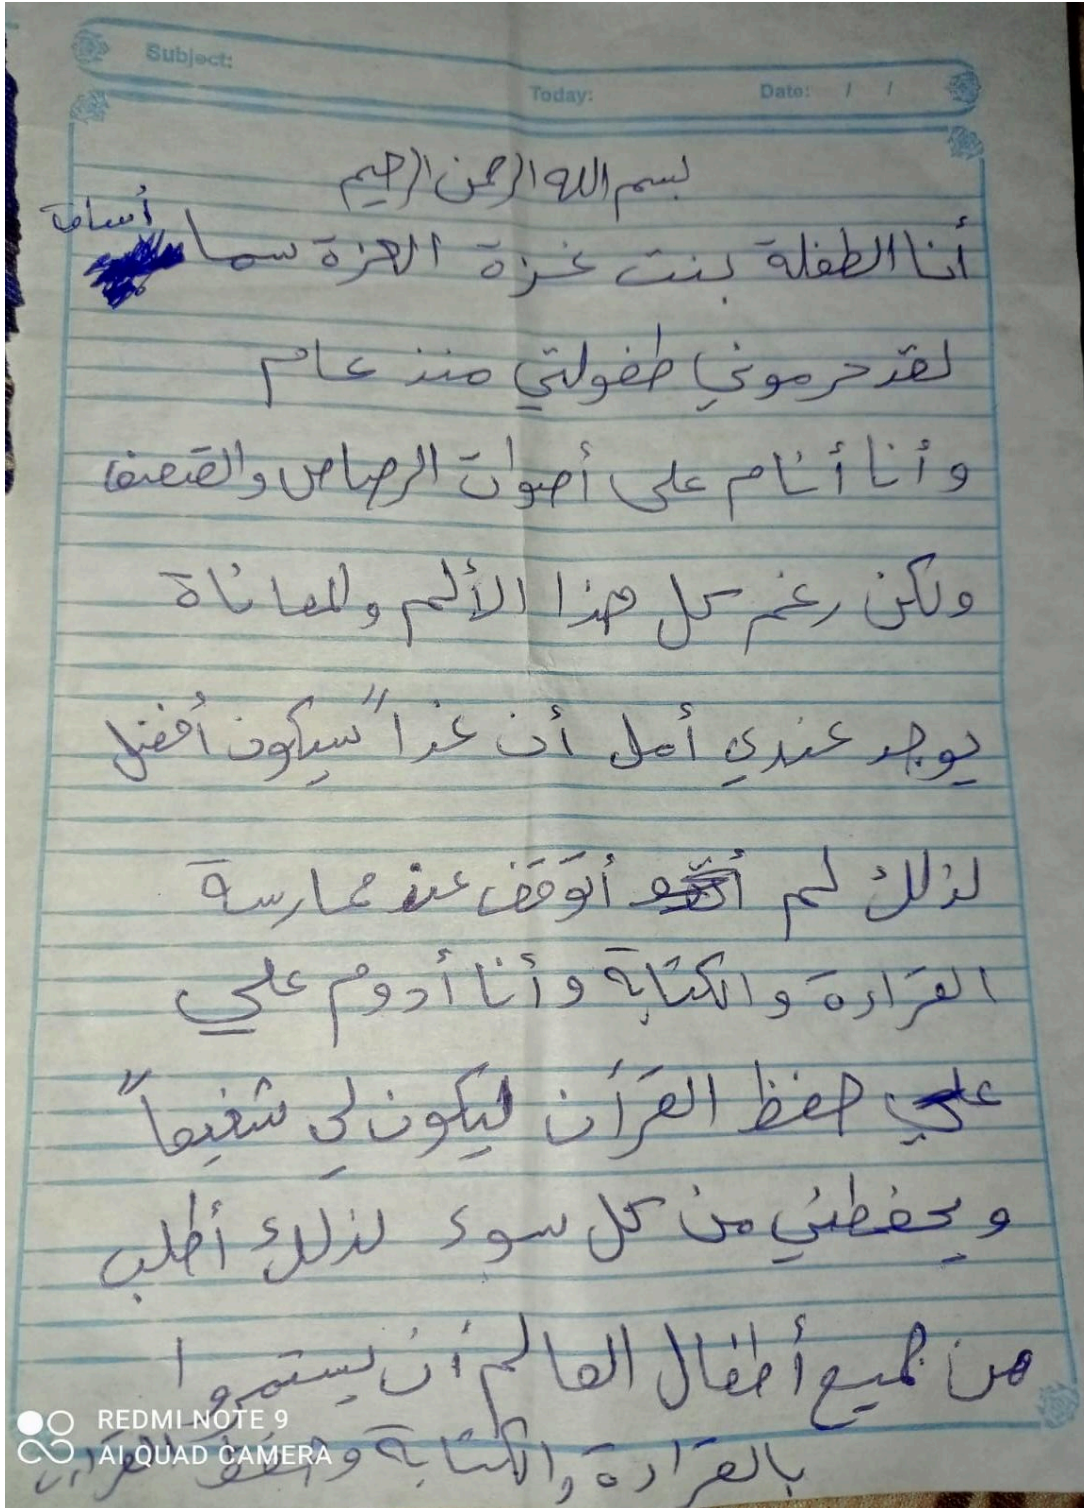

In the name of Allah, I am Wahaj Hassan Juma'a, displaced from Khartoum to White Nile State, at Al-Shaimaa School. I am 6 years old and have studied in some small schools and read the Holy Qur'an. I hope for the end of the war in Khartoum.

I am a proud child of Gaza, home of pride, Sama Usama; I have been robbed of my childhood for more than a year. I have been sleeping to the sound of bombs and bullets, and despite all that hardship, I have hope that tomorrow will be better. That's why I have not stopped reading, writing, and memorizing the holy Quran to bear witness to me and protect me. I urge all the world's children to continue reading, writing and memorizing their sacred books.
